MANUFACTURER COMPANY SPECIALIZED IN MEDICAL SEALERS SINCE 1990.

We Are Making Firsts in the World

We are not only making things easier for you, we also pay attention to our carbon footprint in order to extend the life of our world and provide a better quality of life.

"Sleep Mode (Energy Saving System)" technology was applied by Gündem A.Ş. for the first time in our world in our "Sealers" and was exhibited at the Medica 2009 fair in Germany.

- Year 2006- **"Device safety"**: Thanks to the Emergency - Stop / Emergency Reverse / Emergency Forward technology, jammed pouches can be easily removed from the device.
- Year 2007- In order to prevent the produced pouches from falling apart and being collected easily; **"Drawer System"** for Workstations and Mobile Table.
- Year 2008- Sealing speed of 12m/min thanks to **"Fast-Sealing"** technology.
- Year 2009- Energy saving thanks to **"Sleep Mode"** technology -First in the World-
- Year 2009- Ability to print 2 data on 5cm pouches thanks to **"Write-Matic"** technology.
- Year 2010- Self-testing and reporting on compliance with ISO 11607-2 before each use thanks to **"Validation-Test"** technology.
- Year 2011- Sealing speed of 12m/min thanks to **"Fast-Sealing"** technology.
- Year 2012- **"MultiLine Sealing"** 14mm multi-barrier sealing
- Year 2013- Thanks to **"Customized Teflon-Coating"** technology, pouches that get stuck in the device and melt are prevented from sticking to the heaters.
- Year 2014- **"Stand System"** to free up space in the work area thanks to **"Space-Saving"** technology
- Year 2016- Production speed of 6000 pouches per hour with our **"HPC High Production Capacity"** 40GM Impulse Pouch Maker model
- Year 2018- Sealing speed of 16m/min thanks to **"Fast-Sealing"** technology
- Year 2019- **"5 in 1"** Rotary Pouch Maker device production with Internal Printer -First in the World-
- Year 2019- **"Soft-Start"** Soft start for heavy and large pouches
- Year 2020- Thanks to **"Auto-Slider"** technology, "Mode Changing" without removing the rolls from the device or changing the settings -First in the World-
- Year 2021- Ability to quickly drop to Tyvek pouch temperature thanks to **"Auto-Cooling"** technology -First in the World-
- Year 2022- Automatic adjustment of the gluing temperature of the device when pouch/roll type is selected, thanks to **"Auto-Temp"** technology
- Year 2023- Thanks to **"PrintTo-Cut Side"** technology, text can be printed on the cut sides of pouches on our Rotary Pouch Maker devices. -First in the World-
- Year 2023- Thanks to **"Multi-Roll-Processing"** technology, 8 rolls of 5cm or rolls of different widths up to 43cm can be processed simultaneously and in exactly the same length. -First in the World-
- Year 2023- Thanks to the **"Roll is Over"** technology, the device stops even if 1 roll runs out.
- Year 2023- Preventing unnecessary operation of the printer when there is no printer cartridge in the device, thanks to the **"No-Ribbon"** feature. -First in the World-

and...

- Year .....- We continue to work on R&D to offer you more innovations.

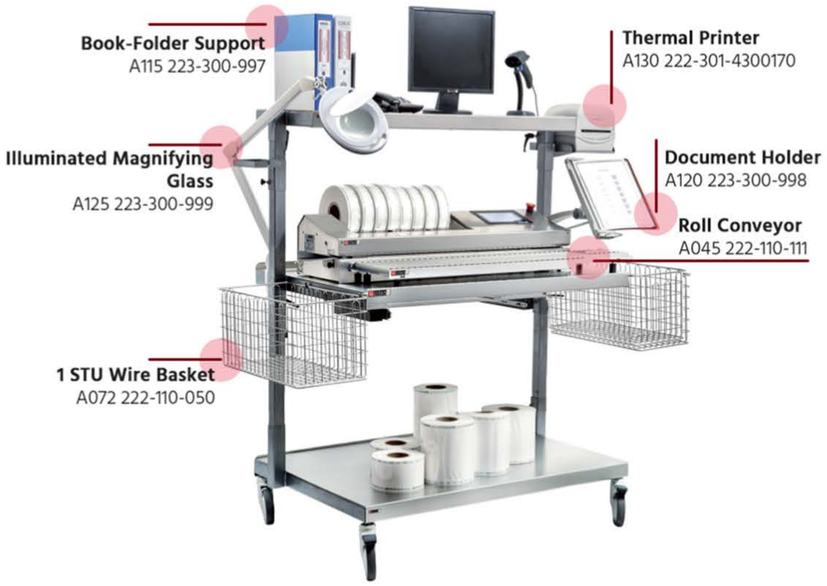
Workstation XL
A105 GM1215WST



Technical Data

This mobile workstation is built for Rotary Continuous Pouch Makers for packaging products, inspecting surgical instruments, etc. The Workstation includes a mobile base element, a large desk with upper and lower shelves, autoclavable 1STU baskets, Barcode reader and thermal printer racks.

Contents

- 1 Pcs. Upper Storage Shelf Grp. (223-300-012-SA4),
- 1 Pcs. Side Shelf Left Grp. Mini (223-300-015-SA5.2),
- 1 Pcs. Side Shelf Right Grp. (223-300-015-SA5),
- 1 Pcs. Study Table Grp. (223-300-012-SA2),
- 1 Pcs. Drawer System (With telescopic rail) (223-300-015-SA1.2.1),
- 2 Pcs. A072 Autoclavable Basket,
- 1 Pcs. Lower Storage Rack (223-300-012-SA1),
- 1 Pcs. Allen Key.
- Dimen.: 1245 x 821 x 1497mm (LxWxH),

(Excl. device, basket and other accessories)

Optional Accessories

- A115 Book Support, • A110 Upper Shelf drawer,
- A125 Illuminated Magnifier, • A120 Document Holder,
- A072 Autoclavable Basket (1 extra piece can be installed).

External Thermal Printer
A130 GM130ETP

Technical Data

This printer, which can work integrated with the device (depending on the features of the device), issues an adhesive label identifying the package content for each package or at the end of the specified target number of packages. These labels can be pasted on the packages or on the boxes in which the packages are placed. Labels are not erased in the autoclave. Ask for labels with indicators.

Contents

- Printer, data and power cable,
- 1 roll label,
- 1 ink ribbon.
- Size: Size: 270 x 220 x 119 mm (LxWxH), Weight: 3.00 Kg

Suitable Models

Shelf Adhesive Label Roll - for External Thermal Printer without Indicator
A131 GM131PLN

Technical Data

This Indicatorless label is produced for External Thermal Printer with code A130 GM130ETP. These labels can be sticked on the packages or on the boxes in which the packages are placed. Labels are not erased in the autoclave.

Contents

- 1 roll label without indicator.
- 500 labels per roll
- Each label 100 x 100 mm

Suitable Models

A130
✓

Shelf Adhesive Label Roll - for External Thermal Printer with Steam & EO Indicators
A132 GM132PLM

Technical Data

This Steam and Ethylene Oxide indicator label is produced for External Thermal Printer with code A130 GM130ETP. These labels can be sticked on the packages or on the boxes in which the packages are placed. The indicators on the labels change color when processed in the sterilizer.

Contents

- 1 roll label with STEAM & EO process indicators according to the EN ISO 11140-1
- 500 labels per roll
- Each label 100 x 100 mm

Suitable Models

A130
✓

Shelf Adhesive Label Roll - for External Thermal Printer with H2O2 (Plasma) indicator
A133 GM133PLW

Technical Data

This Vaporized H2O2/Plasma indicator label is produced for External Thermal Printer with code A130 GM130ETP. These labels can be pasted on the packages or on the boxes in which the packages are placed. The indicator on the labels changes color when processed in the sterilizer. It does not contain cellulose and does not adversely affect sterilization.

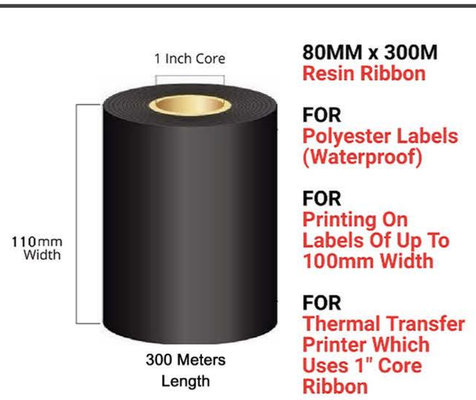
Contents

- 1 roll label with H2O2/Plasma indicator
- 500 labels per roll
- Each label 100 x 100 mm

Suitable Models

A130
✓

Resin Ink Ribbon - for External Thermal Printer
A134 GM134PLR



Technical Data

Printer ribbon. It is produced for External Thermal Printer with code A130 GM130ETP.

Contents

- 110 mm x 300 meters per roll

Suitable Models

A130
✓

Shelf Adhesive Thermal Label Rolls - for Internal Thermal Printer
A160 GM160THL

Technical Data

This thermal label roll is made for the Internal Thermal Printer integrated into our devices. These labels can be sticked to bundled pouches and boxes to prevent disintegration of pouches produced on Pouch Maker devices and to facilitate stocktaking. It also prints out the Validation Reports of the devices. These labels can be sticked into reports. Thermal labels are not suitable for autoclaves.

Contents

- 1 Box= 10 rolls
- 7 meters per roll

Suitable Models

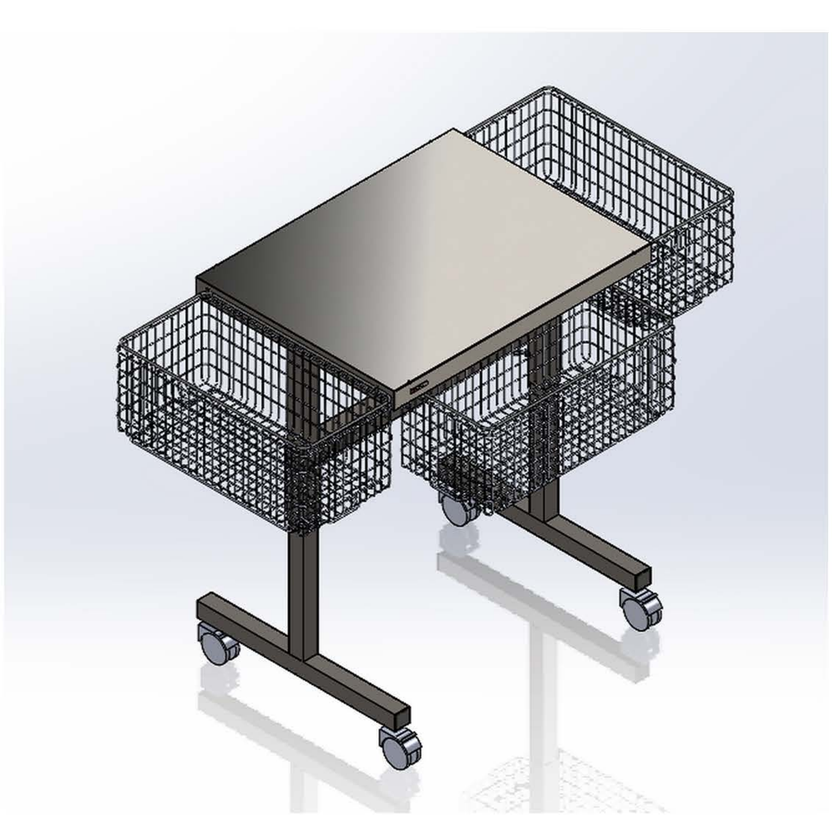
Mobile Table Wide + Drawer System

A090 GM1000TFC



Technical Data

This mobile table is produced for packaging sterilized products, examining surgical instruments, etc. The mobile desk includes a mobile base element, a height-adjustable desk, Metal basket and Drawer System (Telescopic rail) with code "223-300-015-SA1.2.1" are optional.

Contents

- Mobile table with four wheels, two of which have brakes, which is large enough to accommodate the device and the front table, and whose height can be easily adjusted by the user.
- This table is stainless steel oven painted and its top is AISI 304 stainless steel.
- It has a telescopic rail system for attaching an autoclave basket under the table.
- When not in use, this basket can be pushed under the table as a drawer.
- The pouches thrown by the Impulse Pouch Maker can be collected in the basket.
- A025 Grouping Table, which enables grouping/regular accumulation of pouches, is suitable for this table.
- It has a hook system on the sides to attach two 1 STU autoclave baskets when desired (optional).
- Dimensions suitable for Rotary Sealers with Printers and Impulse Pouch Makers and also for A055 Stand
- Size (Length x Width x Height): 603 X 780 X 694-994mm
- Weight: 20 Kg.
- Check out our narrow mobile table A080, suitable for other sealers.

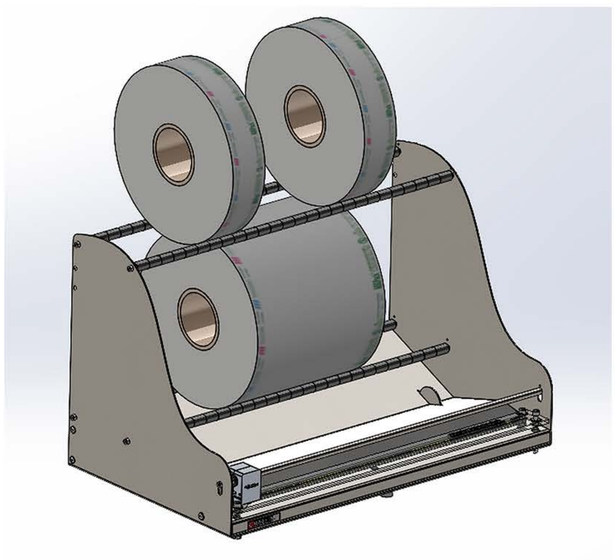
Manual Roll Cutter & Holder 50cm
A070 GM632CM



Technical Data

This double-deck Manual Roll Cutting Device ensures that rolls are always cut by hand in the same size and serially.

Contents

- Can be easily mounted on a mobile table, table or A050 Stand,
- Rolls of different widths up to 40cm can be cut at the same time,
- It is double-decker
- The roll slot has plastic bearings for easy roll rotation.
- Its double-sided, unbreakable blade is long-lasting,
- Upon request (optional) Side Shelf Set with Wall Mounting Equipment (A075) can be mounted on both sides of this stand. Pen holder and Indicator drawer are included in the Side Shelf Set.
- Thanks to the wall hanging equipment, it can be mounted on the wall and frees up a lot of space in the work area.
- All made of AISI 304 stainless steel.
- Dimension (L x W x H): 513 x 300 x 323 mm
- Weight: 7 Kg

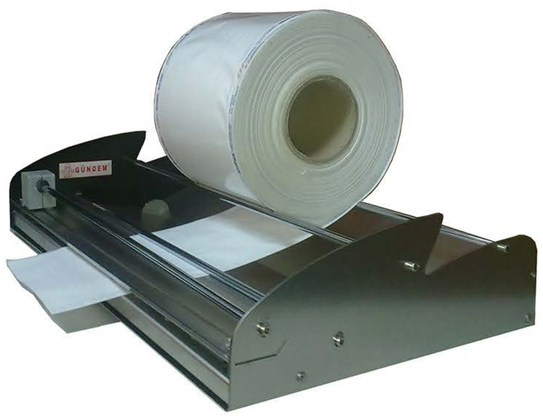
A060 GM631CC



Technical Data

This single-layer Manual Roll Cutting Apparatus ensures that rolls are always cut by hand in the same size and serially.

Contents

- Can be easily mounted on a mobile table, table or A050 Stand,
- Rolls of different widths up to 40cm can be cut at the same time,
- The roll slot has plastic bearings for easy roll rotation.
- Its double-sided, unbreakable blade is long-lasting,
- Upon request (optional) Side Shelf Set (A077) can be mounted on both sides of this stand. Pen holder and Indicator drawer are included in the Side Shelf Set.
- All made of AISI 304 stainless steel.
- Dimension (L x W x H): 508 x 300 x 119 mm
- Weight: 4.80 Kg

Suitable Models

A105	A100	A095	A090	A085	A080	A077	A055	A050				
–	–	–	–	–	✓	✓	–	✓				

Stand Wide 75cm
A055 GM632CCS

Technical Data

Stands allow the Rotary Sealers with Printer and Automatic Impulse Pouch Makers or cutting devices to be stacked on top of each other to free up space on the work table.

Contents

- Provides a very large work area on the table
- Can be easily mounted on a mobile table or desk,
- 30GM, 40GM Pouch Makers and A065 model Manual Roll Cutting Device can be mounted on this stand.
- 10GM and 20GM model Rotary Continuous Sealers with printer can be placed under the stand, the device can work in this case.
- Upon request (optional) Side Shelf Set (A077) can be mounted on both sides of this stand. Pen holder and Indicator drawer are included in the Side Shelf Set.
- The stand is stainless steel oven painted and it upper part is AISI 304 stainless steel.
- Dimension (L x W x H): 750 x 303 x 248 mm
- Weight: 5 Kg

Suitable Models

Stand Narrow 50cm
A050 GM631CCS

Technical Data

Stands allow the Rotary Sealers without Printer and cutting devices to be stacked on top of each other to free up space on the work table.

Contents

- Provides a very large work area on the table
- Can be easily mounted on a mobile table or desk,
- A060 model Manual Roll Cutting Device can be mounted on this stand.
- 05GD, 08GM and 09GM model Rotary Continuous Sealers with printer can be placed under the stand, the device can work in this case.
- Upon request (optional) Side Shelf Set (A077) can be mounted on both sides of this stand. Pen holder and Indicator drawer are included in the Side Shelf Set.
- The stand is stainless steel oven painted and it upper part is AISI 304 stainless steel.
- Dimension (L x W x H): 500 x 303 x 248 mm
- Weight: 3.65 Kg

Roller Conveyor XL 111cm
A045 GM140RTXL

Technical Data

This roller conveyor is ideal for preventing the packages from being damaged or torn by rubbing on the table while packaging the products in the devices. At the same time, there is no need for personnel to hold the packages along the device as the packages move through the device.

Contents

- It has a stainless steel case and easy-rolling plastic bearings.
- Dimension (Length x Width x Height): 1110 x 260 x 50 / 150mm (Height Adjustable)
- Weight: 6.68 Kg
- Manufactured for 45GM, 46GM, 50GM and 60GM model Automatic Rotary Pouch Makers.

Suitable Models

60GM	50GM	46GM	45GM	40GM	30GM	20GM	10GM	09GM	08GM	06GM+	05GD	04GD+

Side Rack Sets
A030 GM14WTA for Rotary Sealers

Technical Data

These side racks are designed for Rotary Continuous Sealers . Thanks to the drawer and pen holder they contain, you can use indicators, pens, etc. used at CSSD. Ideal for storing ingredients

Contents

- Can be mounted on both sides of Automatic rotary continuous sealers .
- Pen Holder and Indicator Drawer are included in the 3 pieces of metal Side Shelf
- It is AISI 304 stainless steel.
- Dimension (Length x Width x Height): 250 x 200 x 150 mm
- Weight: 1.00 Kg
- Manufactured for 10GM, 20GM, 45GM, 46GM, 50GM, 60GM model sealers.

Suitable Models

60GM	50GM	46GM	45GM	40GM	30GM	20GM	10GM	09GM	08GM	06GM+	05GD	04GD+

Sorting Table - for Automatic Impulse Pouch Makers
A025 GM450TC

Technical Data

This grouping tray is ideal for collecting the produced pouches in the same place and not scattering them when thrown from the device.

Contents

- The cut pouches do not mix together.
- It is AISI 304 stainless steel.
- Dimension (Length x Width x Height): 563 x 274 x 67 mm
- Weight: 3.48 Kg
- Manufactured for 28GM, 30GM and 40GM model Automatic Impulse Pouch Makers

Suitable Models

ABGPack® Medical Packaging - Sterilization Reels
A999 Medipack

Technical Data

ABGPack® sterilization rolls are produced under EN ISO 9001:2015 & ISO 13485 quality systems and comply with EN868-5

Contents

- Solvent-free ABGPack® sterilization rolls have excellent adhesion ability, ability to be stable against sterilization effects, excellent mechanical strength and excellent barrier properties in the same strong multi-layered structure.
- With its solvent-free structure, it provides full protection from solvent migration and contamination risks.
- With ABGPack®, the weld quality in adhesion areas can be easily determined and offers the advantage of being used safely at every stage of sterilization processes.

Suitable Models

ABGIndicators® Sterilization Monitoring Indicators
A997 GM997STM

Technical Data

ABGIndicators® & Biological and Chemical Indicators & Labels and Documentation System with/without indicators. For Steam, Ethylene Oxide, Formaldehyde and Hydrogen Peroxide / Plasma sterilization processes

Contents

- The sterilization documentation system is used for patient-related traceability of all medical sterilization processes.
- The documentation page contains all the information necessary to release the sterilization batch. One sterilizer and one documentation sheet for the day are used.
- Using a labeling device (Label Gun), the documentation sheet and each package can be labeled with a self-adhesive label containing the following information:
- Production and expiration date,
- Person in charge,
- Contents of the packaging,
- Sterilizer and batch number.

Suitable Models

ABGTape® Identification Tapes for Surgical Instruments
A996 GM996IDT

Technical Data

It provides organization and tracking of your valuable tools easily and economically. It is resistant to Steam, Ethylene Oxide, Formaldehyde and Hydrogen Peroxide / Plasma sterilization processes.

Contents

- Surgical Instrument Identification Tapes adhere securely, do not break or flake, and do not come off or unravel on their own.
- Available in 275 colors and styles (symbols and characters), color-coding options are nearly endless.
- When replacement is required, it can be easily removed and a new color and style combination can be made with the tool and “Adhesive Remover”, which is environmentally friendly, does not contain toxic solvents, has no harmful smell and is compatible with many surfaces.
- The products do not contain Latex and are not sterile
- The product is produced in the form of 312, 352, 376 and 400 cut strips on an A4 page, in two main groups: 1- Plain and/or Patterned Tapes and 2- Lettered and/or Numbered. There are options with different colors and symbols for all of these groups.
